This policy records the Hansen Property Group's commitment to Health and Safety.

We will take all reasonable measures to promote a healthy and safe environment for all tenants, contractors and visitors who utilise or conduct activities on our premises and utilise fixtures or fittings that are controlled by us.

It is everyone's responsibility to undertake all activities as safely as possible. We will do our part to the highest of our abilities and assist our tenants and contract providers to do the same. We will achieve this by:

- Demonstrating a visible commitment to health and safety.
- Striving to maintain a safe and healthy working environment by implementing appropriate maintenance procedures and practices.
- Ensuring that our tenants have the opportunity to be fully involved in the maintenance of a safe and healthy workplace.
- Insisting upon safe methods, safe equipment, proper materials and safe practices by our contractors at all times.
- Identifying hazards and eliminating or managing them.
- Ensuring that no action or inaction causes harm to any other person.
- Assessing our safety system regularly to verify that it is effective and continually improved.
- Complying with all health and safety legislation.
